If you have any questions or need additional information, please contact me at (803) 774-1660.
THE REQUEST

Applicant: Mayester Capers
Status of the Applicant: Property Owner
Request: A request to rezone +/- 2.12 acres of land from Agricultural Conservation (AC) to General Commercial (GC)
Location: 1040, 1050, 1060 Concord Cir.
Size of Property: +/- 2.12
Present Use/Zoning: Undeveloped / Agricultural Conservation
Proposed Use of Property: General Commercial Development

II. BACKGROUND
This request is to rezone +/- 2.12 acres of land (three separate tax parcels) from Agricultural Conservation (AC) to General Commercial (GC).

The applicant is requesting this rezoning in order to facilitate future commercial development on the undeveloped site. Per the applicant, the site is envisioned to be a strip mall with vacant tenant space available for rent. Some business that were suggested include a barbershop, beauty shop, restaurant, and a specialty store.
View of the property from Concord Cir. The undeveloped property is on the left side of the road.

As shown in the zoning map above, the property is completely surrounded by Agricultural Conservation (AC) zoning. There is no Commercial zoning in the vicinity of the property. Uses nearby the subject property include residential uses to the north, east, and west. Undeveloped land is to the South. The property is located within the Crestnut Subdivision. This subdivision is rural in nature and no commercial uses exist in this rural residential development.

The intent of the Agricultural Conservation zoning designation is to protect and preserve areas of the county which are presently rural or agricultural in character and use. The proposed General Commercial (GC) zoning designation allows for the broadest possible range of commercial uses.
III. COMPATIBILITY WITH THE 2030 COMPREHENSIVE PLAN

As shown in the 2030 Land Use Map, the property is located within the Rural Development Planning Area. The intended purpose of this area is to preserve the rural and agricultural heritage of the County. The area is intended to support low-density residential development and selected non-residential and agricultural uses in a relaxed regulatory climate.

Specifically, adopted Rural Development Planning Area policies state that small scale, rural serving non-residential commercial uses are to be directed to locate at intersections with arterial road or major cross roads. This request is property located on a residential scale local collector road in a rural residential subdivision and is not compatible with 2030 Plan policies.

IV. TRAFFIC REVIEW

Concord Circle is an SCDOT owned two lane road. It is functionally classified as a local collector road, the road does not have annual daily trip count (AADT). The nearest AADT was located on Plowden Mill Rd. and it had a traffic county of 1,450 vehicles in 2018.

Any proposed development at the subject property will have its transportation impacts evaluated at time of site plan and appropriate mitigation measures will be imposed as needed.

V. STAFF RECOMMENDATION

Staff does not recommend approval of this request. The rezoning is not supported by adopted 2030 Plan policies. Additionally, commercial uses (within the full scope of the GC zoning district) at this location will significantly alter the character of this rural residential neighborhood.

Staff notes that the current zoning of the property is AC, and a range of non-residential uses are listed Conditional Uses in this zoning district. Staff recommends following the standards and processed already in place for the AC district and does not support a rezoning to any other zoning district at this time.

VI. PLANNING COMMISSION – JULY 24, 2019

The Sumter City – County Planning Commission at its meeting on Wednesday, July 24, 2019 recommended denial of this request.

VII. SUMTER COUNTY COUNCIL – AUGUST 13, 2019 – FIRST READING
I. THE REQUEST

Applicant: Burke Watson, Jr.

Status of the Applicant: Authorized agent of Owner

Request: A request to rezone a +/- 0.80 acre portion of a +/-2.33 acre parcel from R-15 to General Commercial (GC)

Location: 828 Bethel Church Rd.

Size of Property: +/-0.8 acre zoned R-15 and +/- 1.53 acre zoned GC for total parcel of +/- 2.33 acres

Present Use/Zoning: Convenience Store and Auto Service Use/ GC and R-15

Tax Map Reference: 223-08-01-004

Adjacent Property Land Use and Zoning: North – Bethel Church Rd., Undeveloped / Heavy Industrial (HI)
South – Commercial & Residential / R-15 & General Commercial (GC)
East – Hwy US 15 S., Commercial & Residential / R-15 & General Commercial (GC)
West – Residential / R-15
II. BACKGROUND

This request is to rezone a +/- 0.8 acre portion of a 2.33 acre split zoned parcel R-15 to General Commercial (GC). Currently the property is zoned GC along the Hwy 15 S. frontage with R-15 on the western portion that fronts on Bethel Church Rd.

As shown in the location map to the right, the subject property is a corner lot at the intersection of Bethel Church Rd. and Hwy US 15 S., near the Lakewood and Southgate Subdivisions.

The subject property currently contains two active businesses, Sportsmans Stop & Shop and Bethel Tire Services. Sportsman’s Stop and Shop is a convenience store located on the northeastern corner of the property, while Bethel Tire Services is an auto service use located on the western corner of the property. The current zoning on the western portion of the property does not allow for auto service uses, but as the auto service use was established prior to the adoption of the current zoning and developmental standards, it is considered a grandfathered nonconforming use and is allowed to continue to operate.

Below are images of the both of the uses from Bethel Church Rd.

The owner of the property intends to divide the land in order to separate the two uses into separate parcels. A graphic showing the applicant’s proposed division is shown below. Rezoning the western portion of the property to a commercial designation is being sought prior to subdividing the land.
Zoning Designation

As shown in the zoning map to the right, the subject property is split zoned between General Commercial (GC) and R-15. The subject property is also adjacent to Heavy Industrial (HI), R-15, and General Commercial (GC) zones on neighboring properties. The split zoning that occurs on the applicant’s property and the other properties abutting Hwy US 15 S. are a result of strip commercial zoning that occurs along the Hwy. US 15 S. corridor.

The R-15 zoning present on the subject property allows for medium to large lot residential development. Commercial uses are extremely limited within this district, and the Auto Service use is not permitted. The current use is considered to be grandfathered non-conforming. Rezoning the R-15 portion of the site to General Commercial (GC) allows for a wide array of commercial uses, including the existing Auto Service.

The subject property is also influenced by the Sumter County Highway Corridor Protection District (HCPD), a design review overlay district that influences exterior appearance of structures and other site
development requirements. Any subsequent commercial or industrial development that would occur on site would be required to comply with the corresponding design and form guidelines in the HCPD.

III. COMPATIBILITY WITH THE 2030 COMPREHENSIVE PLAN

As shown on the 2030 Land Use Map to the right, the subject property is primarily influenced by the Priority Commercial Mixed Use area within the Sumter 2030 Comprehensive Plan. This planning area is intended to designate areas that have the potential for high quality commercial mixed use opportunities.

Priority Commercial Mixed Use area policies call for a mix of commercial and residential uses at higher densities.

The property is also influenced by the Suburban Development Planning Area. The purpose of this area is to efficiently manage Sumter’s existing growth patterns. Suburban Development Area policies call for infill development, and intentional mixing of uses in close proximity to one another.

In total, the Comprehensive Plan envisions the intersection of Bethel Church Rd. and US 15 S. as a commercial node to serve the needs of the existing suburban development of the south and east, and anticipated future larger scale industrial or commercial needs in the Priority Economic Development Area to the north. Rezoning the R-15 portion of the subject property to General Commercial (GC) is in line with the 2030 Comprehensive Plan’s policies and vision.

IV. TRAFFIC REVIEW

The subject property has frontage on both Hwy US 15 S., and Bethel Church Rd. Hwy. US 15 S. is classified as a four lane minor arterial highway, owned by SCDOT. The portion of Hwy. US 15 S. that is closest to the subject property had a 2018 traffic count of 12,200 AADT

Bethel Church is a two lane, state owned major collector road. The portion of Bethel Church Rd. nearest to the subject property had a 2018 traffic count of 4,900 AADT.

V. STAFF RECOMMENDATION

Staff recommends approval of this request. Use of the subject property has historically been commercial in nature, and already has commercial zoning on portions of the property due to proximity to Hwy US 15 S. Rezoning to general commercial is consistent with the 2030 Comprehensive Plan’s vision of a commercial node at the intersection of Bethel Church Rd. and Hwy US 15 S.
VI. DRAFT MOTION

1) I move that the Planning Commission recommend approval of RZ-19-08 rezoning a +/-0.8 acre portion of the +/- 2.33 acres from R-15 to General Commercial (GC)

2) I move an alternate motion.

X. COUNTY COUNCIL – AUGUST 13, 2019 – FINAL READING
I. THE REQUEST

Applicant: Trotty McCarty
Status of the Applicant: Property Owner
Request: A request to rezone five (5) parcels from Agricultural Conservation (AC) to Limited Commercial (LC)
Location: 3909, 3901, 3895, 3885, 3875, & 3855 Camden Hwy.
Size of Property: +/- 2.00
Present Use/Zoning: Business / Agricultural Conservation
Proposed Use of Property: Limited Commercial Development
Tax Map Reference: 190-16-01-003, 190-16-01-004, 190-16-01-005, 190-16-01-016, & 190-16-01-026
Adjacent Property Land Use and Zoning: North – Farm / Agricultural Conservation
South – Commercial Uses & Church / Limited Commercial
East – Undeveloped / Agricultural Conservation
West – Residential & Farm / Agricultural Conservation

II. BACKGROUND

This request is to rezone a +/- 2.00 acre tract comprised of five (5) parcels from Agricultural Conservation (AC) to Limited Commercial (LC). The applicant is requesting this rezoning in order to facilitate future commercial development on the site. Part of the site (3909 Camden Hwy.) is the current location of the McCarty’s Convenience Store. The rest of the site is either vacant or undeveloped.

The location map and photographs on the following page shows the site of the request.
Above: The site is on the north side of Camden Hwy. east of the intersection of Camden Hwy. and Lombardi Ct.

Above & Below: Views of the property from Camden Hwy.
As shown in the zoning map to the right, the property is immediately adjacent to Agricultural Conservation (AC) zoning to the north east, and west. Limited Commercial (LC) zoning is located immediately to the south, and Residential-9 (R-9) zoning slightly further south. Uses nearby the subject property include residential uses to the north, south, east, and west. Vacant undeveloped land is in the near vicinity. Also, a church and a Family Dollar are South of the property.

The intent of the Agricultural Conservation zoning designation is to encourage flexibility in the development of land in order to promote its appropriate use. Additionally, the AC district allows many commercial uses as conditional uses.

The proposed Limited Commercial (LC) zoning designation is intended to accommodate commercial development along major streets, while promoting land use compatibility by limiting the type and conditions of development.

**Airfield Compatibility District (ACD) Overlay:**

As shown in the map to the right, the majority of the site is impacted by the Accident Potential Zone (APZ) as well as the Shaw Noise Attenuation overlays. The APZ strictly limits the pattern of development as noted by the *Sumter County - Zoning and Development Standards Ordinance*. Uses compatible in the APZ are only compatible
if they do not result in a large concentration of people. A large concentration of people is defined as a gathering of individuals in an area that would result in an average density of greater than 25 people per acre per hour during a 24 hour period, or a single event that would result in the gathering of 50 persons per acre at any time. The APZ also severely limits the types of commercial uses allowed in the overlay.

III. COMPATIBILITY WITH THE 2030 COMPREHENSIVE PLAN

As shown in the 2030 Land Use Map, the property is located within the Military Protection Planning Area (MPA). The intended purpose of this area is to protect Shaw Air Force Base from encroachment of incompatible land uses and reduce the accident and noise potential to citizens in areas adjacent the critical military institution.

Based on the site’s location within the Military Protection Planning area, staff finds that the request to rezone the site to a Limited Commercial zoning designation is compatible with 2030 Plan.

IV. TRAFFIC REVIEW

Camden Highway is an SCDOT owned two lane road. It is functionally classified as a major arterial collector road, and has a 2017 annual daily trip count (AADT) of 2,100 vehicles.

Future plans in the 2045 SUATS Long Range Transportation Plan for this section of Camden Hwy. include improving the number of lanes to 4 lanes.

Any proposed development at the subject property will have its transportation impacts evaluated at time of site plan approval with appropriate mitigation measures imposed as needed.

V. STAFF RECOMMENDATION

Staff recommends approval of this request. While this specific area currently has a less intensive development pattern consisting of residential, limited commercial, vacant, and religious organization uses, the site is located on a major collector highway and is currently entitled for Agricultural Conservation uses. Additionally, the site is within the Military Protection Planning area. This planning area was designed to protect base operations, while managing existing
development. Limited Commercial (LC) zoning is neighborhood supporting while removing certain residential uses from within the MPA.

VI. PLANNING COMMISSION – JUNE 26, 2019

The City – County Planning Commission at its meeting on Wednesday, June 26, 2019 recommended rezoning to Limited Commercial.
